

COMIC CITRONE

EXHIBITION

ABOUT

DK Visual Tuba præsenterer Comic Citrone, en kunstfestival med omdrejningspunkt om den visuelt stærke udstilling af kontemporært maleri og tegning i Rundetaarn. Udstillingens kunstnere præsenterer en bred palette af stilarter, geometriske abstraktioner, humoristiske figurer og masser af typografi. De mange stilarter varierer, de gennemæssige barrierer i kunsten er nedbrudt og inspirationen går — som den altid har gjort — på kryds og tværs af genrene.

En stor del af kunstnerne arbejder med kunst i det offentlige rum, og denne offentlige kunsts tradition for umiddelbarhed og tilgængelighed for alle, tager vi med os ind på Rundetaarns vægge. Om det er abstraktioner der dykkes ned i, glade farver eller humoristiske pointer kan beskueren her få noget ud af værkerne, uden forudgående kendskab til kunstneren.

Kom og bliv inspireret sammen med os!

EN Visual Tuba presents Comic Citrone, an art festival that revolves around the visually powerful exhibition of contemporary painting and drawing in the Round Tower. The participating artists present a broad pallet of styles, geometric abstractions, humorous characters and lots of typography. The many styles are varied, the barriers between art genres are broken, and the inspiration crisscrosses the lines between genres, as it always has.

A large segment of the artists work with art in public spaces, and we are bringing this public art tradition of spontaneity and availability to the walls of the Round Tower. Whether it's diving into abstractions, vibrant colours or the humorous remarks of the artist, the viewer will be able to appreciate the artworks, without any prior knowledge of the artist.

Come and let's get inspired together!
